In respect of the provisions laid down under Article 520ter of the Companies Code concerning variable remuneration for the members of the Management Committee and the need to defer variable remuneration payments over a three year period in case certain thresholds are passed, the Board of Directors states the following:

- The principle of a deferral over a three year period of variable remuneration payment would only be applicable to the Managing Director and CEO, Olivier Chapelle SPRL, as all other members of the Management Committee remain below the 25% threshold ;
- The Remuneration Committee and the Board of Directors reviewed the situation again and decided that it would remain in the best interest of the company to keep the variable remuneration payment structure at the same level for all Management Committee members;

Taking the above into consideration and as the target variable remuneration bonus pay-out for the Managing Director and CEO surpasses the 25% maximum threshold, the Board of Directors proposes to the General Shareholders' meeting to approve the said deviation from the principle of a deferral over three years, and hence to allow the full payment of the variable remuneration within one year.

Resolution No 6.5 : Approval of the deviation from the principle of a deferral over three years to allow, for the benefit of the Managing Director and CEO, Olivier Chapelle SPRL, the full payment of the variable remuneration within one year.
